

HOPE & COMFORT

WORKING TO END HYGIENE INSECURITY

The Mission

Hope & Comfort's mission is to provide essential hygiene products to support and improve the health, self-esteem, and hygiene education of youth in need across Greater Boston.

Hope & Comfort's vision is that one day, everyone in the US will have access to the basic hygiene products they need to feel clean, confident, and healthy.

The Need: Hygiene Insecurity

- Hygiene insecurity is the inability to regularly access and/or afford basic hygiene products.
- There are an estimated 250,000 youth in Massachusetts alone who are experiencing hygiene insecurity.
 - At least 15 million hygiene products are needed to meet this demand.
- SNAP benefits (formerly known as 'food stamps') do not cover any basic hygiene products.
